1. Standard rule

For clients on the standard service level, variable payroll data (hours, absences, new hires, leavers, bonuses) must be submitted in the portal by the **20th of the month, 17:00 CET**. When the 20th falls on a weekend or public holiday, the cut-off is the last working day before it. December has an early cut-off because of the holiday period.

Client-specific agreements in a signed service annex take precedence over this calendar.
